

Every bird loves its own nest.

Receiving the care you need when you need it can make a significant difference in the quality of your life and that of your family.

Perhaps you need additional medical care or rehabilitation after being in the hospital. Or maybe you have a condition that needs attention, but is not serious enough to require hospitalization.

That's where the comfort of having Rockcastle Hospital Home Health comes in.

To qualify for home health services, you must be a resident of Rockcastle County; be homebound; need the skills of a nurse, physical, occupational or speech therapist; and be under the care of a physician.

Rockcastle Hospital Home Health accepts Medicare, Medicaid, and most insurance plans.

We would welcome the opportunity to talk with you at home to determine if you qualify for home health services.

Call us at (606) 256-1808 for more information.
