

There's no place like home.

Our nurses and therapists provide the medical care you need in the comfort and security of your home while you maintain your privacy and independence.

You'll receive home visits from professionals you know – your friends and neighbors from Rockcastle Hospital and Respiratory Care Center. As part of your local hospital, we offer you the best continuum of care available. Home health care typically decreases the frequency of hospital admissions, and, because you can receive care at home from our staff, it may shorten a hospital stay.

Rockcastle Hospital Home Health accepts Medicare, Medicaid, and most insurance plans.

We would welcome the opportunity to talk with you at home to determine if you qualify for home health services.

Call us at (606) 256-1808 or more information.
